My Dear Mrs Tallant:-

Glad to hear from you.

And say Mrs Tallant since I last wrote you I have gained more definite information regarding my father's sisters and this time I am very positive as to their names so please scratch off these two names, "M<sup>i</sup>ney and Beckey" for my father only had 3 sisters Mary, Jane and Sweet. Only one party gave those other two names & she just doesn't know. Aunt Mary married Green Lawson Aunt Jane married Noah Mulanix and Sweet died when she was 19 years old. All of the other names I gave you are correct so just draw a line thru the ones I just mentioned as being wrong.

I think it very strange that Cousin Tim would say grandmother's name was Malinda he is only mistaken. I'm real sure of her name just as much as of my own for I was named for her - how well I remember for I never liked the name Lucinda <sup>hah</sup> & mother & dad always told me when I was a little child that I should love the name for I was named after a very dear person. And any & all that I've ever asked for her name, always say Lucinda Mulanix I'm not sure however that Ann was attached to her <sup>over</sup>

I only took that for granted. Yes" she had a twin sister named Malinda & they always called her Linda & grandmother Cinda, so I think when Tim enquires far enough he will find he was mistaken why even Aunt Sarah of N.C. tells my niece it is Lucinda Mulanic. "No" my grandfather was only married the one time.

No I'm quite sure sister Elnora's children could not tell you anything about their father (Washington Talbert) you see their mother (my sister) died when they were small (the boy 2 yrs & the girl 5 yr. old) and my mother raised them, therefore they are very near to me - I have asked them many times about their father's people but they know nothing. all that we know his mother's first name was Emeline. One of my brother's says he thinks W. Talbert's father was Jack Cooley (real name I suppose was John). I wouldn't be at all surprised if W. Talbert isn't a grandson of Joseph Cooley of Howard Co. I may be able to find out.

Well we may get to come up to see you again.

At present we have lots of time as Mr. Gleason sold his shoe business. We are looking for another location. We sometimes think we will look around outside of Los A. You know in the City everything is so over done. We haven't been able to find anything to satisfy thus far. How is Santa B. for shoe repairing? You don't happen to know of a good shop there for sale, do you? My husband's line of work is much better back in the east - sometimes we even think of going back. We like Calif tho very much and are trying to give it a fair trial. We made a trip up by San Francisco (at Napa) last wk. to visit friends & to look around a bit. We went to Ridge route else I would have stopped to see you. Write to me after I enjoy your letters

your loving Cousin
